

Lisa Lockman, Ph.D., Director of Operations and Grant Management, Michigan Association of Intermediate School Administrators (MAISA); MAC Board Member

**Education:** Ph.D. in Educational Leadership from Western Michigan University.

**Biography:** Lisa has contributed to course development materials for the MAC and advised on developing resources supporting the continuous improvement process used by the Michigan Department of Education. She has served as faculty for the Assessment Learning Institute. With a B.S. in Elementary/Special Education and an M.A. in Educational Technology, Lisa taught and was an administrator early in her public education career. She served as Director of General Education at Wexford-Missaukee/Manistee ISD for 11 years. Her Ph.D. in Educational Leadership focused on early childhood assessment, paralleling the increased use of assessment measures with early literacy learners. She has provided leadership statewide, contributing to collaboratives focused on assessment, comprehensive improvement systems (such as Michigan's Integrated Continuous Improvement Process), and the data systems to support both.

**A Bit of Assessment Advice:** *“Being able to select the right assessments and then use those results quickly to make instructional changes are keys to student progress. The more we know about a student’s understanding, the more we can target areas that need support.”*
